bereket issack

Cloud Data Engineer (GCP + AWS+ Snowflakes + Databricks), Certified Advanced RPA(Robotic Process Automation) Professional

สหรัฐ

ข้อมูลสรุป

Bridge the gap between data and actionable insights with experience in data engineering and machine learning. Skilled in designing and implementing data pipelines (using Python, SQL, Airflow in GCP and AWS) to transform raw data into high-quality features. Leverage machine learning models (scikit-learn, TensorFlow) to solve complex business problems and drive data-driven decision making. Proven ability to collaborate effectively with cross-functional teams to deliver end-to-end solutions. Passionate about staying at the forefront of data science advancements.

ประสบการณ์

Boeing
Gcp data engineer
มีนาคม 2022 - Present (3 ปี 5 เดือน)

CVS Health
Data Engineer
กันยายน 2020 - กุมภาพันธ์ 2022 (1 ปี 6 เดือน)

Infosys Ltd (Cisco)
Technology Analyst
มกราคม 2020 - กันยายน 2020 (9 เดือน)
San Jose, California, United States

WalkWater Technologies
GCP Data Engineer
พฤษภาคม 2019 - กันยายน 2019 (5 เดือน)
San Francisco Bay Area

- Worked on Making Better Decisions based on data
Built scalable data pipelines that collect, process and compute analyses using both historical and real-time data in google cloud platform.

- Ingesting data using cloud Pubsub (kafka), transforming data in cloud Dataflow (Apache Beam) to Bigquery
- Preparing and cleansing data using datapreb and creating graphs using data studio reporting
- Creating ML models in Bigquery and optimizing querying and performance using partitioning and clustering

PeopleShoresPBC
Process Associate at PeopleshoresPBC, data analyses
มีนาคม 2018 - เมษายน 2019 (1 ปี 2 เดือน)
San Francisco Bay Area

การศึกษา

University of Hohenheim
Master's Degree, SAIWAM spe. Economics · (2014 - 2016)

Chiang Mai University
Master's Degree, SIAWAM · (2013 - 2014)

Asmara University
Bachelor's Degree, Agricultural Engineering · (2002 - 2007)

San Jose City College
Computer Programming using Python, Data Science (Data 8)--UC Berekely Program, · (2017)
